Re: UPDATE – Roll-off Boxes Available for Otsego County Flood Victims

Roll-off boxes remain in place in certain flood-affected communities to assist Otsego County residents and businesses with the disposal of debris as the result of the recent storms.

The County of Otsego, at the request of several local governments, has arranged for these services which are currently set up at the following locations:

- Unadilla – Lovers Lane (near Wells Bridge)
- Otego – town highway garage and Mill Creek Road (near NYS Route 7)
- Laurens – Village Hall
- West Oneonta – town highway garage

Use of these boxes is limited to water damaged debris. There is no charge for the disposal of these items.

The locations of these boxes and the continuation of the program may change without notice. For further information and to verify that this temporary program is still in place, please call the town or village clerk in these communities.

This emergency program is funded by the Otsego County Solid Waste User Fee.
