Re: Request to Join Agricultural District

Dear Ms. Child:

Please consider my request to join an existing certified agricultural district. I am providing the following required information:

- Name –
- Mailing address –
- Telephone number –
- Town(s) within which my property that I wish to add to a district is located –
- Tax map parcel numbers for these properties –
- My explanation of how these properties may be considered as viable agricultural land, meaning that it is suitable for agricultural production and which will continue to be economically feasible for such use if real property taxes, farm use restrictions, and speculative activities are limited to levels approximating those in commercial agricultural areas not influenced by the proximity of non-agricultural development. Thus, land which is farmed, as well as inactive land and non-farmed acreage which is highly suitable for agricultural production, can qualify as “viable agricultural land”.

Thank you.

Sincerely,
