

TECHNOLOGY and STRATEGIC PLANNING COMMITTEE
MARIETTA, LAPIN, OLIVER, BROCKWAY, MICKLE
July 27, 2021
9:00 a.m.

This meeting was streamed on Facebook Live.

Absent: Representative Lapin, Representative Mickle

Also present: Armeda Darrow, Administrative Aide from the Board of Representatives/County Auditor's Office and Representative Kennedy in Board Chambers

TECHNOLOGY and STRATEGIC PLANNING

Representative Marietta mentioned that Sheriff Devlin is interested in presenting an overview/operational plan of the Sheriff's Department possibly at the August meeting similar to the previous presentation given by Brian Pokorny, IT Director. In later discussion it was mentioned that the committee would like to have Garth Brown, Director of Building Services to present an overview in the near future as well.

The Committee reviewed the IGA work plan including but not limited to legislative matters, strategies improving government operations, the County Administrator position, county representative structure, charter development, develop orientation process for county representatives and committees, identify professional development opportunities for county representatives, explore holding annual retreat with county representatives and department heads, continue annual countywide training for representatives and department heads, improve communication with other governments and municipalities, invite state elected officials to present and speak with the County Board, improve communication with the county and towns, prioritize and support shared services and review and outline Chair responsibilities and expectations as a guide.

There being no further business to discuss, the committee adjourned.
