- Quarantine and testing are no longer required for asymptomatic domestic travelers as of April 1, 2021.
- Quarantine consistent with the Center for Disease Control and Prevention (CDC) recommendations for international travel, is still recommended for domestic travelers who are not fully vaccinated or have not recovered from laboratory confirmed COVID-19 during the previous 3 months.
- Restrictions on international travel are established by the CDC.
- NYS Traveler Health Form must be filled out by all travelers coming to NYS from other than contiguous states (NJ, CT, PA, MA, VT) or internationally. The Traveler Health Form can be found at <https://coronavirus.health.ny.gov/covid-19-travel-advisory#traveler-health-form>.
